Summary

As a skilled Fullstack Developer proficient in both front-end and back-end technologies, I am dedicated to building innovative solutions that drive growth and efficiency. With a passion for problem-solving and a keen eye for detail, I thrive in dynamic development environments and excel in tackling complex challenges.
I am committed to delivering exceptional results through creative and technical expertise. My goal is to contribute to cutting-edge initiatives and collaborate with talented teams to achieve ambitious objectives. I am seeking an engaging role where I can leverage my skills, continuously learn, and make a meaningful impact in the rapidly evolving world of technology.

- HTML
- CSS
- React.js
- Node.js
- Express.js
- MongoDb
- GitHub
- Adobe photoshop

LANGUAGES

- English
- Tamil
- Telugu
- Kannada

PROJECTS

Title : E-commerce Website for Clothing

Developed a comprehensive e-commerce platform for clothing retail with secure user authentication (JWT), dynamic product listings with categorization and search, a full-featured shopping cart and checkout system, and an admin dashboard for managing products, orders, users, and analytics.

Real-Time Chat Application

Developed a real-time chat application using React.js for the front-end and Firebase for real-time database and authentication. The application allows users to send and receive messages instantly, with a responsive UI built using HTML and CSS. Integrated Firebase for secure user authentication and real-time message updates.

MERN full stack development course

Innovaskill Technologies

- Successfully completed Full Stack Development using MERN Stack training at Innovaskill Technologies (June 2023 – Jan 2024), gaining hands-on experience in building full-stack web applications with MongoDB, Express.js, React, and Node.js. This training enhanced my ability to develop scalable and efficient web solutions.

MERN full stack development Internship

Innovaskill Technologies Private Limited

- I am pleased to announce that I have successfully completed an internship at Innovaskill Technologies Private Limited from March 4, 2024, to August 30, 2024.
